### Reasons to Provide Electronic Offering Cards:

- The symbolic act of giving is an important part of stewardship for many churches and these cards make it easy. The card can be placed in the collection basket in lieu of an envelope.
- Many members feel the need to place their gift in the basket as it passes them. Others may want this out of habit or for the emotional aspect of “what will the person sitting next to me think?”
- The cards help to bring awareness of electronic giving to other members. Members may ask each other about electronic giving when they see the cards used.

**Note:** You may duplicate the material on the front side of this sheet on paper or card stock to create offering cards for use by the electronic givers in your congregation.
